Weighted national estimates from HCUP Nationwide Inpatient Sample (NIS), 1997. Agency for Healthcare Research and Quality (AHRQ), based on data collected by individual states and provided to AHRQ by the states. Total number of weighted discharges in the U.S. based on HCUP NIS = 35,406,187. Note that no significance testing for differences is provided. Values based on 70 or fewer unweighted cases are not reliable and have been suppressed (designated with an asterisk*). Statistics are based on principal diagnosis or procedure only.

HCUPnet is based on aggregate statistics tables to speed up data transfer and protect individual records, so not all possible queries can be addressed. If a query is not possible, HCUPnet will not allow you to choose certain parameters. If there is a query you'd like to see that HCUPnet does not support, please write us at hcup@ahrq.gov.

Current as of April 2000.
